Roulette System "Goldfinger" Line Bet (Transversale simple).

The desk capital (play capital) if you start playing with 1$ chip is 780 $ and a reserve of 780 $. If you start playing with 5$ then it is 1000 $ and reserve of 1000 $ The average gain in 30 minutes play time, is 20$, If one starts with 1$ chip.
The average annual profit with 1$ chip is 10`500$ at a daily play time of only 30 minutes.
The strategy: playing starts if one line has ben thrown 2 times in 2 to 6 forward-moving wheel spins. You set to bet "15 times", up to a profit balance of at least 20$

Abort and beginning of a new session:
The current session balance has a winning of at least 20$.
The current session has a small minus balance and the next bet would be to high, (the gold fingers rule).

The Goldfingers system play rules:
The rule 1: comes into strength after 25 wheel spins.
Example: you have a hit and the new session balance is -1$ to -15$ and the next bet is 9$ or higher, begin a new session with 1$.
The rule 2: comes into strength after 40 wheel spins.

Example: you have a hit and the new ession balance is - 1$ to - 20$ and the next bet is 9$ or higher, begin a new session with 1$.

The rule 3: comes into strength after 50 wheel spins. Example: you have a hit and the new session balance is - 1$ to - 60$ and the next bet is 9$ or higher, begin a new session with 1$.
The rule 4: comes into strength after 65 wheel spins. Example: you have a hit and the new session balance is - 50$ to -120$ and the next bet is 19$ or higher, begin a new session with 1$.

The Betting Steps:

Increase your bet after one minus as follows: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16.. etc.. After a hit decreases the next bet by 5 units.
Example: the last wheel spin your bet was 23$ and you landed a hit, now decreases your next bet to 18$.
However always consider the Goldfingers rule.

You can begin with 5$ bet and increase to 6$ after a loss etc.. Now the entrance needs no special knowledge, simply follow the original casino monthly wheel spins and you learn the rules of this system fast.
